AFTERWORD

Volume 3 of *Ruruma* is finally out! It would have been nice if Shikabishi had used more of his tickets, and heated things up. But that would just end the series too soon. Haha. A lot of new characters appeared in this volume, and a lot of sunflowers. It was tough drawing them all. Volume 6 of *Seifuku Musubi* was coming out, so in addition to my monthly and weekly releases, I had to design the cover and inside pages for it, which was hard work. It was a fun year getting comics delivered to me every month. I hope this year will be a fun one as well! Oh? It's sounding like a new year's greeting now. To our readers, and all those involved. Thank you very much!!
